THE ARTEMIS JOUKOWSKY AWARD

The Artemis Joukowski Award was created and awarded for the first time in 2005 by the Brown Medical Alumni Association to recognize a non-physician for long-term, dedicated, and meritorious service to Brown Medical School. The award honors those whose devotion to the mission, beliefs, and aspirations of the Medical School has improved the lives of its students, faculty, alumni, and patients.

It is named for Chancellor Emeritus Artemis A.W. Joukowski '55 LLD'85 hon., P'87, the leading non-physician supporter of Brown Medical School during its first quarter century. The name of each recipient of the Joukowski Award is engraved on a commemorative plaque that is prominently displayed in the lobby of the Biomedical Center on the Brown campus.

Chancellor Emeritus Artemis A.W. Joukowski was the inaugural recipient.

THE W.W. KEEN AWARD

The W.W. Keen Award is given by the Brown Medical Alumni Association to recognize outstanding contributions to medicine, encompassing research, education, leadership, or extraordinary contributions to patient care or public health. Its scope may include the contributions of a lifetime or a single

achievement. This award is the most coveted honor bestowed by Brown medical alumni. It is named for William Williams Keen, class of 1859, one of Brown's most distinguished and well-known alumni in the medical profession.

The roster of the past recipients of the Keen Award is engraved on a commemorative plaque that is prominently displayed in the lobby of the Biomedical Center on the Brown campus.
